DETAILED ACTION

Response to Amendment

In view of these amendments, the objections to the priority in Section 8 of the Office Action dated 7/7/09 are respectfully withdrawn. Further, the objections to the drawings, abstract, and specification in Sections 10-12, 14, and 16 of the Office Action dated 7/7/09 are respectfully withdrawn.
2. The amendments to Claim 15 in the submission filed 9/4/09 are acknowledged and accepted.
3. The cancellation of Claims 6-8, 11-14, 16, 24-25 in the submission filed 9/4/09 is acknowledged and accepted.
4. In view of the amendments made to the claims above, the objections to the claims in Sections 17-18 of the Office Action dated 7/7/09 are respectfully withdrawn.

Response to Arguments

5. The Applicants' arguments, see in particular Page 10 of the submission, filed 9/4/09, with respect to the rejections in Sections 20, 22, 25 of the Office Action dated 7/7/09, have been fully considered and are persuasive. The rejections in Sections 20, 22, 25 of the Office Action dated 7/7/09 have been withdrawn.

Allowable Subject Matter

6. Claims 15, 17-20, 23 are allowed.

EXAMINER'S AMENDMENT

7. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel N. Yannuzzi (858-720-8924) on 9/29/09.

The application has been amended as follows:

At the very beginning of the specification, under the section Related Application, in line 2 of the paragraph beginning "This application claims", change "August 7, 2001" to -- August 7, 2000--.

In the Abstract, at the beginning of line 1, change "The invention is directed to an" to -- An--.

In Claim 17, line 1, change "claim 16" to --claim 15--.

In Claim 18, line 1, change "claim 16" to --claim 15--.

In Claim 23, line 1, change "claim 16" to --claim 15--.

In Claim 23, line 1, after "the emulsion", delete "layer".

8. The following is an examiner's statement of reasons for allowance:

Claim 15 is allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest a method of making an interlaced waveguide hologram, as generally set forth in Claim 15, the method including, in combination with the features recited in Claim 15, forming a second holographic recording by positioning the photolithographic mask at a second position over the substrate; and positioning the view region mask in a corresponding second position, wherein the second holographic recording is interlaced with the first holographic recording, the view region mask comprises a series of blacked out regions separated by a distance of approximately 2.5 inches; and each of the photolithographic and viewing masks has a series of light transmissive openings having selected inter-distance between the light transmissive openings. Claims 17-20, 23 are dependent on Claim 15, and hence are allowable for at least the same reasons Claim 15 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
